

KAS Events, Predictions, and Basic Astrology

1. How important is the *natural* significator in KAS?

The natural significator is also a main important factor. The sign in which it is situated, its constellation, the planets aspecting it, the house placement, etc, are all factors to be considered.

2. What is the rate of accuracy with respect to predictions using Krishna's Ashtakavarga System?

With the use of this system, coupled with complete understanding of KAS, one can predict the date of an event with accuracy to within 13 days.
